**239.1 Unauthorized Parking**

The Department has entered into a contract with an area towing service for removal of unauthorized vehicles parked in the fire station parking areas.

Vehicles may be removed after being left over 24 hours without permission from Department Personnel.

Personnel authorized to call the towing service will be Lieutenants and above (not including Acting Lieutenants).

**239.2 Member Parking**

Each member should use one parking space while on duty for personal vehicles. Members are restricted to one space due to parking limitations at our stations. If a vehicle is left unattended for more than one month, it may be towed, and the vehicle’s owner will have to pay storage and removal fees.

Members are not permitted to:

- A. Block apparatus bay doors, front, or side station entrances
- B. Park at spaces reserved for the disabled
- C. Obstruct loading/unloading of emergency vehicles
- D. Park personal vehicles or equipment in the apparatus bay
- E. Park oversized vehicles on district property without administrative approval.  
Permitted oversized vehicles (travel trailers/RV’s/boat trailers/etc) shall not interfere with the ingress or egress of emergency vehicles.

### **239.3 Personal Vehicle Maintenance**

Working on personal vehicles or equipment will not be permitted during the hours of 0700 to 1700 on weekdays and 0700 to 1300 on weekends. Any repairs made to personal vehicles must be minor in nature; no major repairs will be permitted. Apparatus bays are for the use of fire department vehicles and equipment only and shall not be used for the parking of personal vehicles or equipment at any time.
