

EAST LAKE FIRE RESCUE
DAILY APPARATUS CHECKS

Emergency Vehicle Number: S57 (557) Station Number: _____

Start Date: _____ End Date: _____

Start Mileage: _____ End Mileage: _____

Start Engine Hours: _____ End Engine Hours: _____

Legend: X=OK R= Repair Required (**requires a detailed description of problem**)

Record tire pressure reading from gauge

Inspector Employee Number:

Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	Sunday

Operations	Mon	Tue	Wed	Thur	Fri	Sat	Sun
Engine							
1. Check engine oil and transmission level							
2. Check engine coolant level							
3. Check for frame and suspension integrity							
4. Check power steering fluid							
	Mon	Tue	Wed	Thur	Fri	Sat	Sun
Outside							
1. Check for fluid leaks under vehicle							
2. Check steering shafts and linkages							
3. Check wheels and lug nuts							
4. Check tire condition							
5. *Check tire air pressure*							
6. Tire tread depth							Last Sheet
	Mon	Tue	Wed	Thur	Fri	Sat	Sun
Cab							
1. Check seats and seat belts							
2. Start engine, check all gauges							
3. Check windshield wipers							

4. Check mirrors adjustment and operation							
5. Check horn							
6. Check steering shafts							
7. Check cab glass and mirrors							
	Mon	Tue	Wed	Thur	Fri	Sat	Sun
Body							
1. Check steps and running boards							
2. Check body condition							
3. Check grab handles							
	Mon	Tue	Wed	Thur	Fri	Sat	Sun
Electric							
1. Check battery voltage and charging system voltage							
2. Check shoreline voltage system							
3. Check all lights							
	Mon	Tue	Wed	Thur	Fri	Sat	Sun
Brakes							
1. Check air system for proper air pressure							
2. Check parking brake							
3. Check hydraulic brake fluid if equipped							
	Mon	Tue	Wed	Thur	Fri	Sat	Sun
Pump							
1. Operate pump, check pump panel engine gauges							
2. Check pump for pressure operation							
3. Check pressure governor operation							
4. Check all pump drain valves							
5. Check all discharge and intake valve operation							
6. Check pump and tank for water leaks							
7. Check all valve bleeder/drain operation							
8. Check primer pump operation							
9. Check water tank level indicator							
10. Check transfer valve operation (if equipped)							
11. Check all pump pressure gauge operation							
12. Check all cooler valves							

13. Check for oil leaks in pump area							
	Mon	Tue	Wed	Thur	Fri	Sat	Sun
Front Bumper							
1. Winch							
2. 1.88 hose/ w nozzle							
	Mon	Tue	Wed	Thur	Fri	Sat	Sun
Cab							
1. Fuel keys							
2. Knox keys							
3. SCBA X3							
4. Portable radios X4							
5. Headsets X3							
6. Accountability tags							
7. Radio							
8. Registration							
9. Insurance card							
10. Bay door opener							
11. Voice amps X4							
12. EPCR							
13. Pack finder							
14. TIC							
15. Map books							
16. MDC							
	Mon	Tue	Wed	Thur	Fri	Sat	Sun
Left Side Overhead Cab							
1. Patient restraints							
2. Pet O2 masks							
3. Binoculars							
4. Protection kits X3							
	Mon	Tue	Wed	Thur	Fri	Sat	Sun
Right Side Overhead Cab							
1. Pet O2 mask							
2. Extrication helmet							
3. Allegro preplan							
4. ELHS preplan							
5. Binoculars							
6. Emergency response to terrorism							
7. Field incident operations guide							
8. Hillsborough map book							
9. Form box							

	Mon	Tue	Wed	Thur	Fri	Sat	Sun
Lieutenant Seat							
1. Gas meter							
2. Vehicle accident forms							
3. Fire prevention forms							
4. Pelican light tower charger							
5. Container of batteries and spark plugs							
6. Wheel hub wrench							
7. Voice amp							
	Mon	Tue	Wed	Thur	Fri	Sat	Sun
Left Side Latched Comp.							
1. Sagger splint							
2. Backboard							
3. Highrise bag							
	Mon	Tue	Wed	Thur	Fri	Sat	Sun
Left Side							
1. Blue preconnect w/ nozzle							
2. Red preconnect w/ nozzle							
3. Hydrant wrench							
4. 2 ½ Spanners X2							
	Mon	Tue	Wed	Thur	Fri	Sat	Sun
Pump Panel							
1. 5” Spanners X4							
2. DE book							
	Mon	Tue	Wed	Thur	Fri	Sat	Sun
D/E Comp.							
1. 2 ½ Double males X2							
2. 2 ½ Double females X2							
3. Dead blow mallet							
4. Light tower remote							
5. 5” pony section							
6. 5” Hydrant connection							
7. 3” Pony section							
8. 2 ½ Fog nozzle							
9. 2 ½ Stack tip nozzle							
10. Rapid diver box							
11. WET Lifeline/ red bouy							
12. PDF X4							
13. Foam inductor							
14. Foam fill hose for onboard foam tank							
15. Garden hose adapter							
16. Hose strap							

17. Hose roller							
	Mon	Tue	Wed	Thur	Fri	Sat	Sun
Tool Comp. (L-3)							
1. 3lb. sledge							
2. 10lb. sledge							
3. Speed ratchet							
4. K-tool							
5. Set of irons							
6. Pick-head axe							
7. Haligan							
8. Round-head shovel							
9. Piercing nozzle							
10. Bolt cutters							
11. VAT kit							
12. Broom							
13. CO2 Extinguisher							
	Mon	Tue	Wed	Thur	Fri	Sat	Sun
Left Side Rear Comp. (L-4)							
1. Danger tape							
2. Caution tape							
3. Ear muffs							
4. Lockout tagout kit							
5. Pig tails X3							
6. Extension cords X4							
7. Electric fan							
8. Gas fan							
9. Container of spare gloves							
10. Container of radio batteries							
11. Bucket of petronet							
12. Bag of petronet							
	Mon	Tue	Wed	Thur	Fri	Sat	Sun
Rear Comp.							
1. Attic ladder							
2. Roof ladder							
3. 24' extension ladder							
4. Pike pole left side							
5. 3" Hose w/ gated wye							
6. 5" Hose w/ hydrant connection							
7. K-12							
8. Hydrant bag							
9. Ear muff							
10. Pike poles right side X3							
11. Chainsaw							
12. 50:1 Fuel mix							
13. Bar chain oil							

	Mon	Tue	Wed	Thur	Fri	Sat	Sun
Right-Side Pull-Out Drawer							
1. Chain kit X2							
2. Quick strut X4							
3. 6 Ton pulley							
	Mon	Tue	Wed	Thur	Fri	Sat	Sun
Right Rear Comp. (R-4)							
1. Sawz-all							
2. Sawz-all battery							
3. Battery drill							
4. Dewalt drill bits							
5. Extrication pouch							
6. Ryobi drill bit set							
7. Post protectors							
8. Glass master							
9. Hurst spare batteries							
10. Hurst pig tail adapter							
11. Hack saw							
12. Pry bar							
13. Extrication blanket X2							
14. Extrication clamps X6							
15. O'connell plates							
16. Shields							
17. K-12 Spare blade							
18. Hurst spreaders							
19. Hurst cutters							
20. Hurst ram X2							
21. Ram extender							
22. Ratchet straps X2							
23. High lift jack							
24. Milwaukee batteries X7							
25. Tower light box							
	Mon	Tue	Wed	Thur	Fri	Sat	Sun
Right Center Comp. (R-3)							
1. Cascade system							
2. SCBA bottles X6							
Tire Compartment							
1. ABC Extinguisher							
2. H2O Extinguisher							
3. Road triangle kit							
	Mon	Tue	Wed	Thur	Fri	Sat	Sun
R-2 Roll- Up Comp.							

1. Spare SCBA							
2. Traffic Cones X6							
3. Set of wooden cribbing							
4. Step cribbing							
5. Come along							
6. Car Jack							
7. Tow hook							
8. Red tool tarp							
	Mon	Tue	Wed	Thur	Fri	Sat	Sun
R-1 Roll- Up Comp.							
1. Tarps							
2. Tool box, black							
3. Socket set							
4. RIT bag							
5. LZ plates							
6. Cooler							
7. Elevator keys							
8. 5gal petronet bags							
9. 30 gal petronet bags							
10. Yellow/ red bags							
11. Roll of wire							
12. Staple gun							
13. Nails							
14. WD40							
15. Duct tape							
16. Hammer							
17. Pry bar							
18. Zip-ties							
19. Rit kit rope bag							
20. Old utility rope bag							
	Mon	Tue	Wed	Thur	Fri	Sat	Sun
Driver Front Coffin							
1. Roll of visqueen							
	Mon	Tue	Wed	Thur	Fri	Sat	Sun
Driver Rear Coffin							
1. Blitzfire monitor							
2. Propack w/ hose adapter							
3. 3 Class A Foam							
4. 3 AFFF							
5. 3 ATC Foam							
6. Wooden stakes							
9. Flat plastic shovel							
10. Hydrant shutoff wrench
